Beautiful Summer Morning

Inviting You to Discover Your Unlimited Potential

Beautiful Summer Morning: Goal Planner

Write out each of your goals. Use the following categories, Personal, Financial, Family, Spiritual, Health Travel, Work, and Pleasure. For each goal you add, write out your first action, with a time you will do the action by. The first action should be one that is required to get started. For instance, if you have decided to take dance lesson this year, your first action might be calling around to find the right dance instructor for you. Try to target at least 5 areas for your goal planning. Remember to have fun!

Goal	First Action I Will Take to Achieve the Goal	Done by Date
